

Examinations

DIN- EN- ISO- STANDARD

Leak Test:

(LT)

EN 13184

Leak Test
- Pressure change method

EN 13185

Leak test
- Tracer gas method

Radiographic examination:

(RT)

EN 444

general principles for the radiographic examination of metallic materials using X-rays and gamma-rays

DIN EN 1435

examination of weld – Radiographic examination of welded joints

DIN 54111-1

Testing of metallic materials with X-rays and gamma rays, inclusion of Radiograph of castings

Fluorescent Penetrants:

(PT)

DIN EN 1371-1

Fluorescent Penetrants – Standard Test of Method for Comparing the Brightness

Hardness Test:

EN ISO 6506

Hardness test acc. Brinell method

**EN ISO 6507
DIN 50133**

Hardness test acc. Vickers method

EN ISO 6508

Hardness test acc. Rockwell method
